# 2015-2016 Special Education Report

### Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the eleventh annual special education report. Reported indicators and targets correspond to the information in the State Performance Plan (SPP) for Special Education that is required by the United States Department of Education. As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This report is not meant to tell you everything about your district, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

Salam A Noor, Ph.D., Deputy Superintendent of Public Instruction

## **DISTRICT INFORMATION**

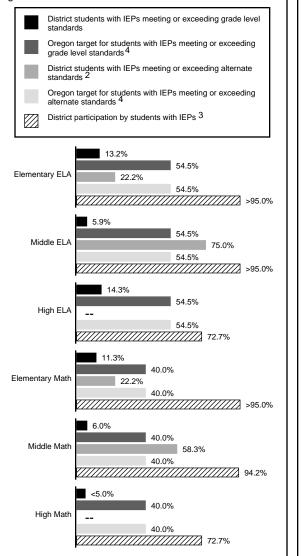

| Students Graduating 2014-2015  | District     | State<br>Target   | Least Restrictive Environment District State Target  |  |  |  |  |  |

## LOCAL INFORMATION PROVIDED BY YOUR DISTRICT

#### DISTRICT INFORMATION

#### Academic Achievement Percentage of Students Meeting Standards

The graphs below show the percentage of students in your district that met or exceeded the state standards on Oregon's Smarter Balanced Assessments<sup>1</sup> during the last school year. In 2015-2016, Math included a knowledge and skills assessment for each student in grades 3-8 and 11; English Language Arts included a reading and skills assessment for each student in grades 3-8 and 11.
