

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 8/11/2020

Under ODE's *Ready Schools, Safe Learners* guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the *Ready Schools, Safe Learners* guidance document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

lease IIII out IIII of III ation.		
SCHOOL/DISTR	ICT/PROGRAM INFORMATION	
Name of School, District or Program	Tri City Elementary	
Key Contact Person for this Plan	Emily Veale	
Phone Number of this Person	541-863-6887	
Email Address of this Person	emily.veale@susd.k12.or.us	
Sectors and position titles of those who	Superintendent -Kate McLaughlin	
informed the plan	Director of Student Achievement – Andy Johnson	
	Student Services Director - Diane Dunas	
	District Maintenance Supervisor – Joe Motta	
	Principal, staff members, transportation provider, food	
	service provider, Cow Creek consultant	
Local public health office(s) or officers(s)	Douglas County Public Health	
Name of person Designated to Establish,	Emily Veale	
Implement and Enforce Physical Distancing		
Requirements		
Intended Effective Dates for this Plan	August 1, 2020 – June 30, 2021	
ESD Region	Douglas Education Service District	

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

¹ For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

² For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a government-to-government basis.

We have used multiple methods of communication to reach and engage all student groups within our community. Information shared included specific cleaning and sanitation plans, health and safety information about hand washing/masks/social distancing, and reopening plans/metrics. We specifically prioritized feedback received from our typically underserved and marginalized groups of students, including our Native American students, students of color, and students experiencing homelessness. Additionally, we have prioritized our students living in remote areas who do not have access to high speed internet services, as this group of students would not be able to access any educational services without support. Methods of sending communication and receiving feedback included:

- Social Media & Website Posts
- Social Media & Website Survey of Needs
- Email info to students/families
- Email Survey of Needs to students/families
- Teacher, principal, and office manager calls and surveys of needs with individual students/families
- Cow Creek Band of Umpqua Tribe Consultation (Sandy Henry)
- Transportation/Nutrition/Facilities/Custodial consultations
- Douglas County Health (weekly consult w/Dr. Dannenhoffer)
- School Board Info/Feedback at Public Meetings
- Staff Info/Feedback through virtual meetings
- School based planning teams (administrator, teachers, office managers)
- SIA Planning Meeting Feedback Meeting data from typically underserved and marginalized groups, including students of color
- Superintendent and Director consultations with individual parents regarding specific student needs and/or concerns
- 3. Indicate which instructional model will be used.

Select One:		
☐ On-Site Learning	☐ Hybrid Learning	

- 4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
- 5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and <u>submit online</u>. (https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a) by August 17, 2020 or prior to the beginning of the 2020-21 school year.
- * Note: Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

Our county and State do not currently meet the metrics for on-site learning. As a result, we are opening in a CDL model for the 20.21 school year. We do plan to take advantage of the exception for K-3 and have K-3 onsite to start our school year. It is our understanding that we are still a CDL school who is using an exception, and not a hybrid school, so we have just filled out the CDL section.

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. <u>Here is a link to the overview of CDL Requirements</u>. Please name any requirements you need ODE to review for any possible flexibility or waiver.

We have reviewed the requirements and believe we can accomplish all of them with our students. There are no areas we need ODE to review for any possible flexibility or waiver.

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

We will open the year using CDL. Our teachers will use Schoology as their distance learning platform. Teachers will provide instruction via live and recorded lessons. Teachers will provide core instruction in the morning and then have office hours in the afternoon. We will be in CDL for the first quarter of our school year, then re-evaluate to see if we can bring students onsite. Our first decision point will be October 16, which is two weeks prior to the end of our first quarter. If we meet metrics at that time we will gradually begin bringing students back so that we have them all ready to go for the first day of the second quarter, which starts on November 3.

We have purchased enough laptops to be a one to one school, and are providing wi-fi hot spots for families who need them. Our textbook materials are all online. Students who do not have access to wi-fi will have the option of coming to a classroom where they can access online instruction. We will follow all cohorting, State, and CDC guidelines in this endeavor.

Our original start date for school was August 31. We are taking advantage of the hours provided by the State to provide an extra four days of professional development for our teachers and an extra four days of family outreach/preparation for success for our students. This moves our start date for CDL to September 14. We are asking our teachers to focus on two things in the first two weeks: The social-emotional well being of our students, and student/family use of technology/access and understanding of how to use our learning management systems. We want to set all families, students and teachers up for success.

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

0. Community Health Metrics

METRICS FOR ON-SITE OR HYBRID INSTRUCTION

□ The school currently meets the required metrics to successfully reopen for in-person instruction in an On-Site or Hybrid model. If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.
 ■ EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET
 ■ The school currently meets the exceptions required to provide in-person person education for students in grades K-3 (see section Od(1) of the Ready Schools, Safe Learners guidance).
 □ The school currently meets the exceptions required to provide limited in-person instruction for specific groups of students (see section Od(2) of the Ready Schools, Safe Learners guidance).
 □ The school currently meets the exceptions required for remote or rural schools in larger population counties to provide in-person instruction (see section Od(3) of the Ready Schools, Safe Learners guidance).
 □ The school currently meets the exceptions required for schools in low population density counties (see section Od(5) of the Ready Schools, Safe Learners guidance).
 □ The school currently meets the exceptions required for schools in low population density counties (see section Od(5) of the Ready Schools, Safe Learners guidance).
 □ The school currently meets the exceptions required for small districts to provide in-person instruction (see section Od(6) of the Ready

Schools, Safe Learners guidance).

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OH <i>F</i>	A/ODE Requirements	Hybrid/Onsite Plan
	Implement measures to limit the spread of COVID-19 within the	
	school setting.	
	Update written Communicable Disease Management Plan to	
	specifically address the prevention of the spread of COVID-19.	
	Designate a person at each school to establish, implement and	
	enforce physical distancing requirements, consistent with this	
	guidance and other guidance from OHA.	
	Include names of the LPHA staff, school nurses, and other medical	
	experts who provided support and resources to the district/school	
	policies and plans. Review relevant local, state, and national	
	evidence to inform plan.	
	Process and procedures established to train all staff in sections 1 -	
	3 of the <i>Ready Schools, Safe Learners</i> guidance. Consider	
	conducting the training virtually, or, if in-person, ensure physical	
_	distancing is maintained to the maximum extent possible.	
	Protocol to notify the local public health authority (<u>LPHA Directory</u>	
	by County) of any confirmed COVID-19 cases among students or	
	staff.	
	Plans for systematic disinfection of classrooms, offices, bathrooms	
	and activity areas.	
	Process to report to the LPHA any cluster of any illness among staff	
	or students.	
	Protocol to cooperate with the LPHA recommendations.	
	Provide all logs and information to the LPHA in a timely manner.	
	Protocol for screening students and staff for symptoms (see	
	section 1f of the Ready Schools . Safe Learners guidance)	

	with others.	
	Protocol for communicating potential COVID-19 cases to the	
	school community and other stakeholders (see section 1e of the	
	Ready Schools, Safe Learners guidance).	
	Create a system for maintaining daily logs for each student/cohort	
	for the purposes of contact tracing. This system needs to be made	
	in consultation with a school/district nurse or an LPHA official.	
	Sample logs are available as a part of the Oregon School Nurses	
	Association COVID-19 Toolkit.	
	• If a student(s) is part of a stable cohort (a group of students	
	that are consistently in contact with each other or in multiple	
	cohort groups) that conform to the requirements of cohorting	
	(see section 1d of the <i>Ready Schools, Safe Learners</i>	
	guidance), the daily log may be maintained for the cohort.	
	• If a student(s) is not part of a stable cohort, then an individual	
	student log must be maintained.	
	Required components of individual daily student/cohort logs	
	include:	
	Child's name	
	Drop off/pick up time	
	Parent/guardian name and emergency contact information	
	All staff (including itinerant staff, district staff, substitutes,	
	and guest teachers) names and phone numbers who interact	
	with a stable cohort or individual student	
	Protocol to record/keep daily logs to be used for contact tracing	
	for a minimum of four weeks to assist the LPHA as needed.	
	Process to ensure that all itinerant and all district staff	
	(maintenance, administrative, delivery, nutrition, and any other	
	staff) who move between buildings keep a log or calendar with a	
	running four-week history of their time in each school building and	
	who they were in contact with at each site.	
	Process to ensure that the school reports to and consults with the	
	LPHA regarding cleaning and possible classroom or program	
	closure if anyone who has entered school is diagnosed with COVID-	
	19.	
	Protocol to respond to potential outbreaks (see section 3 of the	
Ш	Ready Schools, Safe Learners guidance).	
	neday schools, saje Learners galdance).	<u></u>
	1b. HIGH-RISK	POPULATIONS
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Serve students in high-risk population(s) whether learning is	
	happening through On-Site, Hybrid (partially On-Site and partially	
	Comprehensive Distance Learning models), or Comprehensive	
	Distance Learning models.	
Med	lically Fragile, Complex and Nursing-Dependent Student	
Req	uirements	
	All districts must account for students who have health conditions	
	that require additional nursing services. Oregon law (ORS 336.201)	
	defines three levels of severity related to required nursing	
	services:	
	1. Medically Complex: Are students who may have an unstable	
	health condition and who may require daily professional	
	nursing services.	
	2. Medically Fragile: Are students who may have a life-	
	threatening health condition and who may require immediate	
	professional nursing services.	
	3. Nursing-Dependent: Are students who have an unstable or	

Hybrid/Onsite Plan

OHA/ODE Requirements

☐ Protocol to isolate any ill or exposed persons from physical contact

life-threatening health condition and who require daily, direct, and continuous professional nursing services.

OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Staff and school administrators, in partnership with school nurses,	
	or other school health providers, should work with	
	interdisciplinary teams to address individual student needs. The	
	school registered nurse (RN) is responsible for nursing care	
	provided to individual students as outlined in ODE guidance and	
	state law:	
	 Communicate with parents and health care providers to 	
	determine return to school status and current needs of the	
	student.	
	Coordinate and update other health services the student may	
	be receiving in addition to nursing services. This may include	
	speech language pathology, occupational therapy, physical	
	therapy, as well as behavioral and mental health services.	
	 Modify Health Management Plans, Care Plans, IEPs, or 504 or 	
	other student-level medical plans, as indicated, to address	
	current health care considerations.	
	The RN practicing in the school setting should be supported to	
	remain up to date on current guidelines and access	
	professional support such as evidence-based resources from	
	the Oregon School Nurses Association.	
	Service provision should consider health and safety as well as	
	legal standards.	
	Appropriate medical-grade personal protective equipment	
	(PPE) should be made available to <u>nurses and other health</u>	
	providers.	
	Work with an interdisciplinary team to meet requirements of	
	ADA and FAPE.	
	High-risk individuals may meet criteria for exclusion during a	
	local health crisis.	
	Refer to updated state and national guidance and resources	
	such as:	
	U.S. Department of Education Supplemental Fact Sheet: Addressing the Rick of COVID 10 in Preschool	
	Addressing the Risk of COVID-19 in Preschool,	
	Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020.	
	•	
	 ODE guidance updates for Special Education. Example from March 11, 2020. 	
	 OAR 581-015-2000 Special Education, requires districts to provide 'school health services and school nurse 	
	services' as part of the 'related services' in order 'to	
	assist a child with a disability to benefit from special	
	education.'	
	OAR 333-019-0010 Public Health: Investigation and	
	Control of Diseases: General Powers and Responsibilities,	
	outlines authority and responsibilities for school	
	exclusion.	
	CACIUSIUII.	

1c. PHYSICAL DISTANCING

OH	A/ODE Requirements	Hybrid/Onsite Plan
	Establish a minimum of 35 square feet per person when	
	determining room capacity. Calculate only with usable classroom	
	space, understanding that desks and room set-up will require use	
	of all space in the calculation. This also applies for professional	
	development and staff gatherings.	
	Support physical distancing in all daily activities and instruction,	
	maintaining six feet between individuals to the maximum extent	
	possible.	
	Minimize time standing in lines and take steps to ensure that six	
	feet of distance between students is maintained, including marking	
	spacing on floor, one-way traffic flow in constrained spaces, etc.	

OH	A/ODE Requirements	Hybrid/Onsite Plan
	Schedule modifications to limit the number of students in the	Trybha/Olisite Flaii
	building (e.g., rotating groups by days or location, staggered	
	schedules to avoid hallway crowding and gathering).	
	Plan for students who will need additional support in learning how	
	to maintain physical distancing requirements. Provide instruction;	
	don't employ punitive discipline.	
	Staff should maintain physical distancing during all staff meetings	
	and conferences, or consider remote web-based meetings.	
	44.600	CONTINIC
OH	1d. COH N/ODE Requirements	Hybrid/Onsite Plan
	Where feasible, establish stable cohorts: groups should be no	Trybhu/ Offsice Flati
	larger than can be accommodated by the space available to	
	provide 35 square feet per person, including staff.	
	The smaller the cohort, the less risk of spreading disease. As	
	cohort groups increase in size, the risk of spreading disease	
	increases.	
	Students cannot be part of any single cohort, or part of multiple	
	cohorts that exceed a total of 100 people within the educational	
	week. Schools should plan to limit cohort sizes to allow for	
	efficient contact-tracing and minimal risk for exposure. Each school must have a system for daily logs to ensure contract	
	tracing among the cohort (see section 1a of the <i>Ready Schools</i> ,	
	Safe Learners guidance).	
	Minimize interaction between students in different stable cohorts	
	(e.g., access to restrooms, activities, common areas). Provide	
	access to All Gender/Gender Neutral restrooms.	
	Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.)	
	must be maintained between multiple student uses, even in the	
	same cohort.	
Ш	Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-	
	level academic content standards, and peers.	
	Staff who interact with multiple stable cohorts must wash/sanitize	
	their hands between interactions with different stable cohorts.	
011	1e. PUBLIC HEALTH	
OH <i>F</i>	\(\text{ODE Requirements} \)	Hybrid/Onsite Plan
	communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are	
	being implemented to prevent spread of disease.	
	Develop protocols for communicating with students, families and	
	staff who have come into close contact with a confirmed case.	
	The definition of exposure is being within 6 feet of a COVID-	
	19 case for 15 minutes (or longer).	
	Develop protocols for communicating immediately with staff,	
	families, and the community when a new case(s) of COVID-19 is	
	diagnosed in students or staff members, including a description of how the school or district is responding.	
	Provide all information in languages and formats accessible to the	
Ш	school community.	
	1f. ENTRY AN	
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Direct students and staff to stay home if they, or anyone in their	
	homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19.	
	COVID-19 symptoms are as follows:	
	 Primary symptoms of concern: cough, fever (temperature 	
	greater than 100.4°F) or chills, shortness of breath, or	
	difficulty breathing.	

OHA	A/ODE Requirements	Hybrid/Onsite Plan
	 Note that muscle pain, headache, sore throat, new loss of 	
	taste or smell, diarrhea, nausea, vomiting, nasal congestion,	
	and runny nose are also symptoms often associated with	
	COVID-19. More information about COVID-19 symptoms is	
	available from CDC.	
	In addition to COVID-19 symptoms, students should be	
	excluded from school for signs of other infectious diseases,	
	per existing school policy and protocols. See pages 9-12 of	
	OHA/ODE Communicable Disease Guidance.	
	• Emergency signs that require immediate medical attention:	
	 Trouble breathing 	
	 Persistent pain or pressure in the chest 	
	 New confusion or inability to awaken 	
	 Bluish lips or face (lighter skin); greyish lips or face 	
	(darker skin)	
	 Other severe symptoms 	
	Screen all students and staff for symptoms on entry to bus/school	
	every day. This can be done visually and/or with confirmation from	
	a parent/caregiver/guardian. Staff members can self-screen and	
	attest to their own health.	
	Anyone displaying or reporting the primary symptoms of	
	concern must be isolated (see section 1i of the <i>Ready Schools</i> ,	
	Safe Learners guidance) and sent home as soon as possible.	
	See table "Planning for COVID-19 Scenarios in Schools."	
	 Additional guidance for nurses and health staff. 	
	Follow LPHA advice on restricting from school any student or staff	
	known to have been exposed (e.g., by a household member) to	
	COVID-19. See table "Planning for COVID-19 Scenarios in Schools."	
	Staff or students with a chronic or baseline cough that has	
	worsened or is not well-controlled with medication should be	
	excluded from school. Do not exclude staff or students who have	
	other symptoms that are chronic or baseline symptoms (e.g.,	
	asthma, allergies, etc.) from school.	
	Hand hygiene on entry to school every day: wash with soap and	
	water for 20 seconds or use an alcohol-based hand sanitizer with	
	60-95% alcohol.	
	1g. VISITORS/	
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Restrict non-essential visitors/volunteers.	
	• Examples of essential visitors include: DHS Child Protective	
	Services, Law Enforcement, etc.	
	• Examples of non-essential visitors/volunteers include: Parent	
	Teacher Association (PTA), classroom volunteers, etc.	
	Screen all visitors/volunteers for symptoms upon every entry.	
Ш		
	Restrict from school property any visitor known to have been	
	exposed to COVID-19. <u>See table "Planning for COVID-19 Scenarios</u>	
	in Schools."	
	Visitors/volunteers must wash or sanitize their hands upon entry	
	and exit.	
	Visitors/volunteers must maintain six-foot distancing, wear face	
	coverings, and adhere to all other provisions of this guidance.	
	1h. FACE COVERINGS, FACE SHIELD	OS, AND CLEAR PLASTIC BARRIERS
OH <i>P</i>	A/ODE Requirements	Hybrid/Onsite Plan
	Face coverings or face shields for all staff, contractors, other	
]	service providers, or visitors or volunteers following CDC guidelines	
	for Face Coverings. Individuals may remove their face coverings	
	while working alone in private offices.	
	שווווב שטוגוווא מוטווב ווו טוועמנב טווולבט.	
		I
	Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines for Face Coverings.	

OH/	VODE Requirements	Hybrid/Onsite Plan
5 -	If a student removes a face covering, or demonstrates a need to	Trybita/Offsite Fian
ш	remove the face covering for a short-period of time:	
	 Provide space away from peers while the face covering is 	
	removed. In the classroom setting, an example could be a	
	designated chair where a student can sit and take a 15 minute	
	"sensory break;"	
	 Students should not be left alone or unsupervised; 	
	 Designated area or chair should be appropriately 	
	distanced from other students and of a material that is	
	easily wiped down for disinfection after each use;	
	 Provide additional instructional supports to effectively wear a 	
	face covering;	
	Provide students adequate support to re-engage in safely	
	wearing a face covering;	
	Students cannot be discriminated against or disciplined for an	
	inability to safely wear a face covering during the school day.	
	Face masks for school RNs or other medical personnel when	
	providing direct contact care and monitoring of staff/students	
	displaying symptoms. School nurses should also wear appropriate	
	Personal Protective Equipment (PPE) for their role.	
	• Additional guidance for nurses and health staff.	
Prot	ections under the ADA or IDEA	
	If any student requires an accommodation to meet the	
	requirement for face coverings, districts and schools should limit	
	the student's proximity to students and staff to the extent possible	
	to minimize the possibility of exposure. Appropriate	
	accommodations could include:	
	Offering different types of face coverings and face shields that	
	may meet the needs of the student.	
	 Spaces away from peers while the face covering is removed; 	
	students should not be left alone or unsupervised.	
	Short periods of the educational day that do not include	
	wearing the face covering, while following the other health	
	strategies to reduce the spread of disease;	
	Additional instructional supports to effectively wear a face	
	covering;	
	For students with existing medical conditions and a physician's	
	orders to not wear face coverings, or other health related	
	concerns, schools/districts must not deny any in-person	
	instruction.	
Ш	Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020.	
	 If a student eligible for, or receiving services under a 504/IEP, 	
	cannot wear a face covering due to the nature of the	
	disability, the school or district must:	
	Review the 504/IEP to ensure access to instruction in a	
	manner comparable to what was originally established in	
	the student's plan including on-site instruction with	
	accommodations or adjustments.	
	2. Placement determinations cannot be made due solely to	
	the inability to wear a face covering.	
	3. Plans should include updates to accommodations and	
	modifications to support students.	
	Students protected under ADA/IDEA, who abstain from	
	wearing a face covering, or students whose families	
	determine the student will not wear a face covering, the	
	school or district must:	
	1. Review the 504/IEP to ensure access to instruction in a	
	manner comparable to what was originally established in	
	the student's plan.	

OHA/ODE Red	quirements	Hybrid/Onsite Plan
	The team must determine that the disability is not prohibiting the student from meeting the requirement. If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability, If a student's 504/IEP plan included supports/goals/instruction for behavior or social emotional learning, the school team must evaluate the student's plan prior to providing instruction through Comprehensive Distance Learning. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited in-	Try Stray Chistice Filant
must cor wear a fa disability evidence support If a staff or face sl	person instruction, on-site instruction with accommodations, or Comprehensive Distance Learning. ents not currently served under an IEP or 504, districts insider whether or not student inability to consistently acce covering or face shield as required is due to a composite of the need for an evaluation to determine eligibility for under IDEA or Section 504. Member requires an accommodation for the face covering hield requirements, districts and schools should work to staff member's proximity to students and staff to the possible to minimize the possibility of exposure.	

1i. ISOLATION AND QUARANTINE

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Protocols for exclusion and isolation for sick students and staff	
	whether identified at the time of bus pick-up, arrival to school, or	
	at any time during the school day.	
	Protocols for screening students, as well as exclusion and isolation	
	protocols for sick students and staff identified at the time of arrival	
	or during the school day.	
	• Work with school nurses, health care providers, or other staff	
	with expertise to determine necessary modifications to areas	
	where staff/students will be isolated. If two students present	
	COVID-19 symptoms at the same time, they must be isolated	
	at once. If separate rooms are not available, ensure that six	
	feet distance is maintained. Do not assume they have the	
	same illness.	
	Consider required physical arrangements to reduce risk of	
	disease transmission.	
	 Plan for the needs of generally well students who need 	
	medication or routine treatment, as well as students who	
	may show signs of illness.	
	 Additional guidance for nurses and health staff. 	
	Students and staff who report or develop symptoms must be	
	isolated in a designated isolation area in the school, with adequate	
	space and staff supervision and symptom monitoring by a school	
	nurse, other school-based health care provider or school staff until	
	they are able to go home. Anyone providing supervision and	
	symptom monitoring must wear appropriate face covering or face	
	shields.	
	School nurse and health staff in close contact with	
	symptomatic individuals (less than 6 feet) should wear a	
	medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms	
	and care provided. Consult a nurse or health care professional	
I	and care provided. Consult a hurse of health care professional	

OHA	/ODE Requirements	Hybrid/Onsite Plan
	regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual should be properly removed and disposed of prior to exiting the care space. • After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol.	
	 If able to do so safely, a symptomatic individual should wear a face covering. 	
	 To reduce fear, anxiety, or shame related to isolation, provide a clear explanation of procedures, including use of PPE and handwashing. 	
	Establish procedures for safely transporting anyone who is sick to their home or to a health care facility.	
	Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms. Refer to table in "Planning for COVID-19 Scenarios in Schools."	
	Involve school nurses, School Based Health Centers, or staff with related experience (Occupational or Physical Therapists) in development of protocols and assessment of symptoms (where staffing exists).	
	Record and monitor the students and staff being isolated or sent home for the LPHA review.	

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the *Ready Schools, Safe Learners* guidance).

2a. ENROLLMENT

	(Note: Section 2d does not	t apply to private schools.)
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Enroll all students (including foreign exchange students) following the standard Oregon Department of Education guidelines.	
	 The temporary suspension of the 10-day drop rule does not change the rules for the initial enrollment date for students: The ADM enrollment date for a student is the first day of the student's actual attendance. A student with fewer than 10 days of absence at the 	
	 beginning of the school year may be counted in membership prior to the first day of attendance, but not prior to the first calendar day of the school year. If a student does not attend during the first 10 session days of 	
	 school, the student's ADM enrollment date must reflect the student's actual first day of attendance. Students who were anticipated to be enrolled, but who do not attend at any time must not be enrolled and submitted in ADM. 	
	If a student has stopped attending for 10 or more days, districts must continue to try to engage the student. At a minimum, districts must attempt to contact these students and their families weekly to either encourage attendance or receive confirmation	

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	that the student has transferred or has withdrawn from school.	
	This includes students who were scheduled to start the school	
	year, but who have not yet attended.	
	When enrolling a student from another school, schools must	
	request documentation from the prior school within 10 days of	
	enrollment per OAR 581-021-0255 to make all parties aware of the	
	transfer. Documentation obtained directly from the family does	
	not relieve the school of this responsibility. After receiving	
	documentation from another school that a student has enrolled,	
	drop that student from your roll.	
	Design attendance policies to account for students who do not	
	attend in-person due to student or family health and safety	
	concerns.	
	When a student has a pre-excused absence or COVID-19 absence,	
	the school district should reach out to offer support at least weekly	
	until the student has resumed their education.	
	When a student is absent beyond 10 days and meets the criteria	
	for continued enrollment due to the temporary suspension of the	
	10 day drop rule, continue to count them as absent for those days	
	and include those days in your Cumulative ADM reporting.	
		NDANCE
OLL		t apply to private schools.) Hybrid/Onsite Plan
	A/ODE Requirements	Hybrid/Onsite Plan
	Grades K-5 (self-contained): Attendance must be taken at least	
	once per day for all students enrolled in school, regardless of the	
	instructional model (On-Site, Hybrid, Comprehensive Distance	
	Learning, online schools). Grades 6-12 (individual subject): Attendance must be taken at	
	least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site,	
	Hybrid, Comprehensive Distance Learning, online schools).

OHA	A/ODE Requirements	Hybrid/Onsite Plan
	the bus (see section 2j of the <i>Ready Schools, Safe Learners</i>	
	guidance).	
	Develop protocol for loading/unloading that includes visual	
	screening for students exhibiting symptoms and logs for contact-	
	tracing. This should be done at the time of arrival and departure.	
	If a student displays COVID-19 symptoms, provide a face	
	shield or face covering (unless they are already wearing one)	
	and keep six feet away from others. Continue transporting	
	the student.	
	The symptomatic student should be seated in the first	
	row of the bus during transportation, and multiple	
	windows should be opened to allow for fresh air	
	circulation, if feasible.	
	 The symptomatic student should leave the bus first. 	
	After all students exit the bus, the seat and surrounding	
	surfaces should be cleaned and disinfected.	
	If arriving at school, notify staff to begin isolation measures. If the appropriate for all invited and the attacked disclosures. On the school of th	
	o If transporting for dismissal and the student displays an	
	onset of symptoms, notify the school.	
Ш	Consult with parents/guardians of students who may require	
	additional support (e.g., students who experience a disability and	
	require specialized transportation as a related service) to	
	appropriately provide service. Drivers wear face shields or face coverings when not actively	
Ш	driving and operating the bus.	
	Inform parents/guardians of practical changes to transportation	
	service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to	
	additional precautions, sanitizing practices, and face coverings).	
	Face coverings or face shields for all students in grades	
	Kindergarten and up following CDC guidelines applying the	
	guidance in section 1h of the <i>Ready Schools, Safe Learners</i>	
	guidance to transportation settings.	
	gardence to transportation settings.	
	2j. CLEANING, DISINFECT	TION, AND VENTILATION
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Clean, sanitize, and disinfect frequently touched surfaces (e.g.	
	door handles, sink handles, drinking fountains, transport vehicles)	
	and shared objects (e.g., toys, games, art supplies) between uses	
	multiple times per day. Maintain clean and disinfected (CDC	
	guidance) environments, including classrooms, cafeteria settings	
	and restrooms.	
	Clean and disinfect playground equipment at least daily or	
	between use as much as possible in accordance with CDC	
	guidance.	
	Apply disinfectants safely and correctly following labeling direction	
	as specified by the manufacturer. Keep these products away from	
	students.	
Ш	To reduce the risk of asthma, choose disinfectant products on the	
	EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide,	
	citric acid, or lactic acid) and avoid products that mix these with	
	asthma-causing ingredients like peroxyacetic acid, sodium	
	hypochlorite (bleach), or quaternary ammonium compounds.	
	Schools with HVAC systems should evaluate the system to minimize indoor air recirculation (thus maximizing fresh outdoor	
	air) to the extent possible. Schools that do not have mechanical	
	ventilation systems should, to the extent possible, increase natural	
	ventilation by opening windows and doors before students arrive	
	and after students leave, and while students are present.	
	Consider running ventilation systems continuously and changing	
\Box	Consider running ventulation systems continuously and changing	

the filters more frequently. Do <u>not</u> use fans if they pose a safety or

OHA	/ODE Requirements	Hybrid/Onsite Plan
	health risk, such as increasing exposure to pollen/allergies or	
	exacerbating asthma symptoms. Consider using window fans or	
	box fans positioned in open windows to blow fresh outdoor air	
	into the classroom via one window, and indoor air out of the	
	classroom via another window. Fans should not be used in rooms	
	with closed windows and doors, as this does not allow for fresh air	
	to circulate.	
	Consider the need for increased ventilation in areas where	
	students with special health care needs receive medication or	
	treatments.	
	Facilities should be cleaned and disinfected at least daily to	
	prevent transmission of the virus from surfaces (see <u>CDC's</u>	
	guidance on disinfecting public spaces).	
Ш	Consider modification or enhancement of building ventilation	
	where feasible (see CDC's guidance on ventilation and filtration	
	and American Society of Heating, Refrigerating, and Air-	
	Conditioning Engineers' guidance).	
		H SERVICES
OHA	/ODE Requirements	Hybrid/Onsite Plan
	OAR 581-022-2220 Health Services, requires districts to "maintain	
	a prevention-oriented health services program for all students"	
	including space to isolate sick students and services for students	
	with special health care needs. While OAR 581-022-2220 does not	
	apply to private schools, private schools must provide a space to	
	isolate sick students and provide services for students with special	
	health care needs.	
	Licensed, experienced health staff should be included on teams to	
	determine district health service priorities. Collaborate with health	
	professionals such as school nurses; SBHC staff; mental and	
	behavioral health providers; dental providers; physical,	
	occupational, speech, and respiratory therapists; and School Based	
	Health Centers (SBHC).	
	riculti Centers (SBNO).	<u> </u>
	21. BOARDING SCHOOLS AND F	RESIDENTIAL PROGRAMS ONLY
ОНА	/ODE Requirements	Hybrid/Onsite Plan
	Provide specific plan details and adjustments in Operational	
	Blueprints that address staff and student safety, which includes	
	how you will approach:	
	· · · · · · · · · · · · · · · · · · ·	
	Contact tracing The intersection of separat designs in residential settings /by	
	The intersection of cohort designs in residential settings (by wing or common restrooms) with solvert designs in the	
	wing or common restrooms) with cohort designs in the	
	instructional settings. The same cohorting parameter limiting	
	total cohort size to 100 people applies.	
	Quarantine of exposed staff or students	
	 Isolation of infected staff or students 	
	 Communication and designation of where the "household" or 	
	"family unit" applies to your residents and staff	
	Review and take into consideration <u>CDC guidance</u> for shared or	
	congregate housing:	
	Not allow more than two students to share a residential dorm	
	room unless alternative housing arrangements are impossible	
	Ensure at least 64 square feet of room space per resident	
	Reduce overall residential density to ensure sufficient space	
	for the isolation of sick or potentially infected individuals, as	
	necessary;	
	 Configure common spaces to maximize physical distancing; 	
	Provide enhanced cleaning;	
	 Establish plans for the containment and isolation of on- 	
	campus cases, including consideration of PPE, food delivery,	
l	and bathroom needs.	
	and hathroom hoods	

2m. SCHOOL EMERGENCY PROCEDURES AND DRILLS

OHA/ODE Requirem	ents	Hybrid/Onsite Plan
☐ In accordance w	vith ORS 336.071 and OAR 581-022-2225 all schools	
(including those	e operating a Comprehensive Distance Learning	
-	ired to instruct students on emergency	
procedures. Sch	nools that operate an On-Site or Hybrid model need	
	practice drills on emergency procedures so that	
	aff can respond to emergencies.	
	minutes in each school month must be used to	
	idents on the emergency procedures for fires,	
	es (including tsunami drills in appropriate zones),	
and safety		
	nust be conducted monthly.	
	e drills (including tsunami drills and instruction for	
	a tsunami hazard zone) must be conducted two	
	•	
times a yea		
-	eats including procedures related to lockdown,	
	elter in place and evacuation and other	
	e actions to take when there is a threat to safety	
	onducted two times a year.	
	nould be carried out <u>as close as possible</u> to the	
*	t would be used in an actual emergency. For	
	drill should be carried out with the same alerts and	
	normal. If appropriate and practicable, COVID-19	
	ing measures can be implemented, but only if they	
do not compror		
	ical distancing must be compromised, drills must	
	less than 15 minutes.	
	t be practiced unless they can be practiced	
correctly.		
☐ Train staff on sa	fety drills prior to students arriving on the first day	
on campus in h	ybrid or face-to-face engagement.	
☐ If on a hybrid so	hedule, conduct multiple drills each month to	
ensure that all o	cohorts of students have opportunities to	
participate in dr	rills (i.e., schedule on different cohort days	
throughout the	year).	
☐ Students must v	wash hands with soap and water for 20 seconds or	
use an alcohol-l	pased hand sanitizer with 60-95% alcohol after a	
drill is complete).	
	<u> </u>	LATED, AND/OR EXHIBITING SELF-REGULATORY CHALLENGES
OHA/ODE Requirem		Hybrid/Onsite Plan
·	ponents of Collaborative Problem Solving or a	
	ork to continually provide instruction and skill-	
<u> </u>	g related to the student's demonstrated lagging	
skills.		
•	preventative steps to reduce antecedent events	
	hin the school environment.	
· ·	planning for known behavioral escalations (e.g.,	
self-harm, spitti	ng, scratching, biting, eloping, failure to maintain	
physical distanc	e). Adjust antecedents where possible to minimize	
student and sta	ff dysregulation. Recognize that there could be new	
and different ar	ntecedents and setting events with the additional	
requirements a	nd expectations for the 2020-21 school year.	
Establish a proa	ctive plan for daily routines designed to build self-	
regulation skills	; self-regulation skill-building sessions can be short	
	and should take place at times when the student is	
regulated and/o	or is not demonstrating challenging behaviors.	
	are trained to support de-escalation, provide	
	ruction, and implement alternatives to restraint	
and seclusion.	•	

OHA/ODE Requirements	Hybrid/Onsite Plan
☐ Ensure that staff are trained in effective, evidence-based methods	
for developing and maintaining their own level of self-regulation	
and resilience to enable them to remain calm and able to support	
struggling students as well as colleagues.	
☐ Plan for the impact of behavior mitigation strategies on public	
health and safety requirements:	
Student elopes from area	
 If staff need to intervene for student safety, staff should: 	
 Use empathetic and calming verbal interactions (i.e. 	
"This seems hard right now. Help me understand	
How can I help?") to attempt to re-regulate the	
student without physical intervention.	
Use the least restrictive interventions possible to	
maintain physical safety for the student and staff.	
Wash hands after a close interaction.	
Note the interaction on the appropriate contact log.	
1	
occurs, those contacts must be noted in the appropriate	
contact logs.	
Student engages in behavior that requires them to be isolated	
from peers and results in a room clear.	
o If students leave the classroom:	
Preplan for a clean and safe alternative space that	
maintains physical safety for the student and staff	
Ensure physical distancing and separation occur, to	
the maximum extent possible.	
Use the least restrictive interventions possible to	
maintain physical safety for the student and staff.	
Wash hands after a close interaction.	
Note the interaction on the appropriate contact log.	
*If unexpected interaction with other stable cohorts	
occurs, those contacts must be noted in the appropriate	
contact logs.	
Student engages in physically aggressive behaviors that	
preclude the possibility of maintaining physical distance	
and/or require physical de-escalation or intervention	
techniques other than restraint or seclusion (e.g., hitting,	
biting, spitting, kicking, self-injurious behavior).	
o If staff need to intervene for student safety, staff should:	
Maintain student dignity throughout and following	
the incident.	
Use empathetic and calming verbal interactions (i.e.	
"This seems hard right now. Help me understand	
How can I help?") to attempt to re-regulate the	
student without physical intervention.	
Use the least restrictive interventions possible to	
maintain physical safety for the student and staff	
Wash hands after a close interaction.	
Note the interaction on the appropriate contact log.	
*If unexpected interaction with other stable cohorts	
occurs, those contacts must be noted in the appropriate	
contact logs.	
Ensure that spaces that are unexpectedly used to deescalate	
behaviors are appropriately cleaned and sanitized after use before	
the introduction of other stable cohorts to that space.	
Protective Physical Intervention	
Reusable Personal Protective Equipment (PPE) must be	
cleaned/sanitized after every episode of physical intervention (see	
section 2j of the <i>Ready Schools, Safe Learners</i> guidance: Cleaning,	
Disinfection, and Ventilation)	

for a safe return to schools.

3. Response to Outbreak

3a. PREVENTION AND PLANNING

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Review the "Planning for COVID-19 Scenarios in Schools" toolkit.	
	Coordinate with Local Public Health Authority (LPHA) to establish	
	communication channels related to current transmission level.	
	3b. RES	SPONSE
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Review and utilize the "Planning for COVID-19 Scenarios in	
	<u>Schools</u> " toolkit.	
	Ensure continuous services and implement Comprehensive	
	Distance Learning.	
	Continue to provide meals for students.	
	3c. RECOVERY	AND REENTRY
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Review and utilize the "Planning for COVID-19 Scenarios in	
	<u>Schools</u> " toolkit.	
	Clean, sanitize, and disinfect surfaces (e.g., playground equipment,	
	door handles, sink handles, drinking fountains, transport vehicles)	
	and follow <u>CDC guidance</u> for classrooms, cafeteria settings,	
	restrooms, and playgrounds.	
	When bringing students back into On-Site or Hybrid instruction,	
1	consider smaller groups, cohorts, and rotating schedules to allow	

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

This section does not apply to private schools.

We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from: Sections 4, 5, 6, 7, and 8 of the *Ready Schools, Safe Learners* guidance, • The Comprehensive Distance Learning guidance, The Ensuring Equity and Access: Aligning Federal and State Requirements guidance, and **Planning for COVID-19 Scenarios in Schools** We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from: Sections 4, 5, 6, 7, and 8 of the *Ready Schools, Safe Learners* guidance, The **Comprehensive Distance Learning** guidance, The Ensuring Equity and Access: Aligning Federal and State Requirements guidance, and Planning for COVID-19 Scenarios in Schools We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled "Assurance Compliance and Timeline" below. 4. Equity 5. Instruction 6. Family, Community, Engagement 7. Mental, Social, and Emotional Health 8. Staffing and Personnel **Assurance Compliance and Timeline** If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements Include how/why the school is currently unable to meet them
