DOCUMENT

2022-23

South Umpqua School District
Budget Message
2022-23

The proposed budget document represents the South Umpqua School District's financial plan for the 2022-23 fiscal year. Revenue forecasts included in the proposed budget document are based on the latest information available from sources at the Oregon Department of Education, including the latest estimates for the State School Fund and for all federal awards that flow through the Oregon Department of Education.

As of the publication of this document we have faced over two years of unprecedented challenges at the local, national and global levels. Economic factors continue to be more uncertain and complex than possibly ever before. The impacts of the COVID-19 health crisis are only just beginning to be seen and the long-term effects remain unknown, yet pandemic related grant funding will expire in 2023-24.

Oregon's next economic forecast isn't due until late May 2022 therefore this budget is built on the official estimate issued by the Oregon Department of Education on February 25, 2022. The 2021-23 biennial budget and State School Fund distributions are predicated on a \$9.1 billion State appropriation; this amount has not yet been amended by the legislature as of the date of this document. This funding level is not expected to change significantly. Further, it is anticipated income tax collections will remain stable and property tax collections will increase slightly from last year's collections.

The district staff are proposing a budget that allows the District to continue providing high quality services to students and move toward our continuous improvement plan based on existing estimates. At the same time, staff have worked to expand and improve programs using additional grant funds.

For the 2022-23 school year, it is expected that the Student Investment Account (SIA), and Measure 98 (M98) will be fully funded, allowing the district to continue implementing plans for staffing and expanded programs already approved by the state, and school board. Additionally, through the Elementary and Secondary Schools Emergency Relief (ESSER) grant funds, the district has been able to take advantage of opportunities to increase staffing, purchase technology and other materials, and provide or plan for capital improvements related to the pandemic.

Although the district has faced many changes and uncertainties over the past several years, we remain committed to developing a budget that will best serve the students of our community. While the proposed budget is based on full funding, cost estimates remain conservative to allow us flexibility to change plans quickly, if necessary, as the economic story in Oregon continues to unfold.

Based on current funding estimates, the 2022-23 fiscal year finds the District in a sound financial position with enough resources to not only cover regular annual operations, but also allow the District to continue to budget for some much-needed deferred maintenance. Frugal spending and additional pandemic-related grant funds have left the District with a projected \$4,532,402 ending fund balance; however, the District remains cautious as inflation has grown during the pandemic. While many school districts have seen drastic enrollment decreases during the pandemic, South Umpqua School District enrollment has remained stable. The hope is that we will maintain and continue to increase enrollment as health, safety, and local economies improve. For 2022-23, the District has budgeted for a slight increase in enrollment levels.

The District increased its general fund revenue projections for 2022-23 by \$1,201,179. The majority of the increase is projected to come from the State School Fund. The District has budgeted to maintain the transfer of some of the revenue surplus to other funds. Currently, \$200,000 is proposed to go to the PERS UAL Reserve, \$375,004 to Debt Service, and \$1,500,000 is proposed to go to the Capital Projects Fund. Over the past five years, the District has been able to add to the PERS reserve which will help offset future PERS increases.

Total General Fund revenues for 2022-23 are budgeted to increase by 12% to \$21,382,131 compared to \$19,087,245 in the final 2021-22 budget. The latest estimates from the Oregon Department of Education have the District set to receive \$12,123,979 in State funding, an increase of \$457,118 over the final 2021-22 budget. The proposed 2022-23 budget includes a beginning fund balance of \$4,532,402.

The current proposed budget contains minor staffing changes for 2022-23, primarily related to additional grant funding. Previously approved SIA programs now have stable funding which allows us to staff and continue expanded opportunities for students, eliminate all “Pay to Play” athletic, music, and club fees, as well as provide increased behavioral and mental health staff. The pandemic-related grant funds have provided increases to custodial services, teaching and support staff related to technology, and our fledgling SU Online Academy. Projected enrollment increases at Coffenberry Middle School will also prompt the hire of an additional teacher and a licensed Dean of Students.

The licensed bargaining agreement began in 2020-21 and is for three years. The licensed agreement provides for a 3% COLA and an insurance cap of \$1,840 per month for 2022-23. The classified bargaining agreement began in 2021-22 and is for three years. The classified agreement will see a 5% COLA and an insurance cap of \$1,840 per month. To keep as much money available to preserve staff and services the District has again opted to budget its health insurance liabilities closer to actual expenditures. Actual usage has typically wavered between 85-88%, therefore for 2022-23 the District is conservatively budgeting health insurance liabilities at 90%. All employee bargaining agreements, staff contract increases, and benefit increases are reflected in the 2022-23 proposed budget.

The PERS increases that most districts have been experiencing have yet to catch up with the District. For years, controlling payroll costs and experiencing good performance from the District’s PERS side accounts have allowed the District to avoid the PERS increases. The District has a near 0% PERS rate for the coming biennium. In 2022-23, the District will see its Tier I/II PERS rate decrease to 0.05% and its OPSRP rate will decrease to 0.00%. We work to continue to mitigate future increases, as well, and stay below the State average.

The needs of the aging District facilities continue to surpass the District’s ability to adequately fund all needed maintenance and upkeep. However, the District’s healthy reserves are allowing the District to budget for \$1,500,000 in capital projects for 2022-23. A project list was developed based on the 2019 facility study and included critical projects that are long overdue, as well as addressing security concerns at all campuses. In 2021 the school board approved a loan to address several deferred maintenance projects – many of which have been completed or are currently underway. At the present time, District buildings in dire need of replacement or repair continue to be used and maintained; however, their age and condition makes it an expensive endeavor to keep the buildings operational. At the drafting of this budget message, the School Board has referred a \$20,900,000 bond to area voters for the purpose of constructing a new K-8 school in Canyonville, and secure vestibule entries at Myrtle Creek Elementary and Tri City Elementary. If the bond is passed by voters on May 17, 2022, the District will receive an additional \$4,000,000 in matching grant funds from the state for these projects. If the bond is not passed by voters, the District will not receive the matching grant funds from the state and the projects will not

be completed as planned. Due to the timing of the May 2022 election and the required budget approval and adoption timelines, District officials have planned the 2022-23 budget for either contingency. Additionally, \$4,000,000 in federal grant funds have been approved to construct a kitchen/cafeteria/band room building at Coffenberry Middle School in the Fall through Winter of 2022, which will consolidate the campus and alleviate the safety and security concerns of students travelling back and forth to Myrtle Creek Elementary each day. While we have made tremendous progress on projects, the District continues to have a great deal of deferred maintenance and the transfer to the Capital Projects Fund will allow the District to continue working on some of those projects, as well as offset the drastic increases in construction costs of current and planned projects.

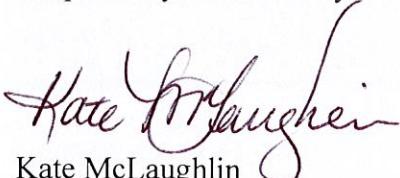

Due to sound financial decisions and planning the past several years, the District's 2022-23 budget looks to maintain a firm financial position. Projected enrollment combined with expected State revenue and grant funding is providing enough revenue to allow the District to maintain a good financial position. We continue to keep an eye to the future though, as these are challenging years to navigate financially. The realized impact of the COVID-19 pandemic, staffing shortages, the increases in minimum wage, and the ups and downs of State funding are concerns that need to be monitored so that we can maintain programs and services in future years.

South Umpqua School District strives to be a magnet district in our region for students and families seeking the best possible educational experience. Our belief is that the continued community support of keeping our schools open through the pandemic, increased academic and extra-curricular offerings, and the return of many students from distance learning are an indication that we are succeeding. To maintain that vision, we remain diligent in protecting taxpayer investments in the District to remain a strong educational option for students in our region.

Budget Process

The proposed budget document for the 2022-23 fiscal year was prepared under the direction of the Budget Officer and the Superintendent in accordance with District policies and local budget law. The proposed budget document is based on the latest estimates and allocations of funds available from the Oregon Department of Education and other sources. This document was developed with an eye to the future, a future we hope sees enrollment stability, renewed economic growth, and a continued investment in education by the State.
