**South Umpqua School District  
Budget Message  
2023-2024**

The proposed budget document represents the South Umpqua School District's financial plan for the 2023-24 fiscal year. Revenue forecasts included in the proposed budget document are based on the latest information available from sources at the Oregon Department of Education, including the latest estimates for the State School Fund and for all federal awards that flow through the Oregon Department of Education.

As of the publication of this document we are rebounding from the COVID-19 pandemic and are experiencing some of the impact of the COVID-19 health crisis with student academic challenges and social-emotional behaviors. As the grant funds for COVID relief are expiring, the district is making decisions on how best to serve the continuing needs of our students who may experience the impact of the pandemic for years to come.

Oregon's next economic forecast isn't due until late May 2023 therefore this budget is built on the official estimate issued by the Oregon Department of Education on February 22, 2023. The 2023-25 biennial budget and State School Fund distributions are predicated on a \$9.9 billion State appropriation; this amount has not yet been amended by the legislature as of the date of this document. This funding level is not expected to change significantly. Further, it is anticipated that income tax collections will remain stable and property tax collections will increase slightly from last year.

District staff are proposing a budget that allows the District to continue providing high quality services to students and move toward our continuous improvement plan based on existing estimates. At the same time, staff have worked to expand and improve programs using additional grant funds.

For the 2023-24 school year, it is expected that the Student Investment Account (SIA), and Measure 98 (M98) will be fully funded, allowing the district to continue implementing plans for staffing and expanded programs already approved by the state, and school board. Additionally, through the Elementary and Secondary Schools Emergency Relief (ESSER) grant funds, the district has continued to take advantage of opportunities to maintain staffing levels, purchase technology and other materials, and provide capital improvements.

Although the district has faced many changes and uncertainties over the past several years, we remain committed to developing a budget that will best serve the students of our community. The proposed budget is based on full funding, yet cost estimates remain conservative to allow us flexibility to change plans quickly, if necessary. Additionally, Oregon legislators are expected to approve a K-2 Literacy bill in 2023-24 that will provide ongoing stable funding for districts to improve student reading across the state. Should the district receive additional grant funds or a State School Fund allocation that is 10% or more higher than budgeted, a supplementary budget will be presented to the Board for consideration.

Based on current funding estimates, the 2023-24 fiscal year finds the District in a sound financial position with enough resources to not only cover regular annual operations, but also allow the District to continue to budget for some much-needed deferred maintenance. Frugal spending and additional pandemic-related grant funds have left the District with a projected \$3,161,848 ending fund balance; however, the District remains cautious as inflation has grown following the pandemic. While many school districts have seen drastic enrollment decreases during the pandemic, South Umpqua School

District enrollment has increased slightly and remains stable. For 2023-24, the District has budgeted for a slight increase in enrollment levels.

Revenues projected in the 2023-24 budget are constructed of local, intermediate, state, and federal sources. The District increased its general fund revenue projections for 2023-24 by \$1,103,794. The majority of the increase is projected to come from the State School Fund. The latest estimates from the Oregon Department of Education have the District set to receive \$13,621,871 in State funding, an increase of \$967,146 over the previous fiscal year. The proposed 2023-24 budget includes a beginning fund balance of \$3,161,848, providing the district a total revenue projection of \$21,226,644.

The District has budgeted to maintain the transfer of some of the revenue surplus to other funds. Currently, \$200,000 is proposed to go to the PERS UAL Reserve, \$375,004 to Debt Service, and \$650,000 is proposed to go to the Capital Projects Fund. Over the past five years, the District has been able to add to the PERS reserve which will help offset future PERS increases.

The current proposed budget contains only minor staffing changes for 2023-24, primarily related to vacant or hard to fill positions. Previously approved SIA programs continue to have stable funding which allows us to staff and continue expanded opportunities for students, eliminate all “Pay to Play” athletic, music, and club fees, as well as provide increased behavioral and mental health staff. The pandemic-related grant funds continue to provide increases to custodial services, teaching support staff, and the SU Online Academy.

The licensed bargaining agreement was newly negotiated in 2023 and is for three years. The licensed agreement provides for a 5% COLA and an insurance cap of \$1,940 per month for 2023-24. The classified bargaining agreement began in 2021-22 and is for three years. The classified agreement will see a 5% COLA and an insurance cap of \$1,940 per month. To keep as much money available to preserve staff and services the District has opted to budget its health insurance liabilities closer to actual expenditures. Actual usage has typically wavered between 80-85%, therefore for 2023-24 the District is conservatively budgeting health insurance liabilities at 85%. All employee bargaining agreements, staff contract increases, and benefit increases are reflected in the 2023-24 proposed budget.

Once again, the PERS increases that most districts have been experiencing have yet to catch up with the District. For years, controlling payroll costs and experiencing good performance from the District’s PERS side accounts have allowed the District to avoid the PERS increases. The District has a 0% PERS rate for the coming biennium. In 2023-2024, the District will see its Tier I/II PERS rate decrease to 0.00% and its OPSRP rate will decrease to 0.00%. We work to continue to mitigate future increases, as well, and stay below the State average.

The needs of the aging District facilities continue to surpass the District’s ability to adequately fund all needed maintenance and upkeep. However, the District’s healthy reserves are allowing the District to budget for a \$650,000 transfer to capital projects for 2023-24. The facilities improvement list includes critical projects that are long overdue, as well as addressing security concerns at all campuses. In 2021 the school board approved a loan to address several deferred maintenance projects – many of which have been completed or are still currently underway. At the present time, District buildings in dire need of replacement or repair continue to be used and maintained; however, their age and condition makes it an expensive endeavor to keep the buildings operational. The District was unable to pass a General Obligation Bond to construct a new K-8 school in Canyonville, and secure vestibule entries at Myrtle Creek Elementary and Tri City Elementary. However, COVID relief funds were utilized to provide construction of a kitchen/cafeteria/band room building at Coffenberry Middle School. This project is

expected to be completed in late May or early June of 2023. Once in use, the campus will be consolidated and the safety and security concerns of students travelling back and forth to Myrtle Creek Elementary each day will be alleviated. While we have made tremendous progress on projects, the District continues to have a great deal of deferred maintenance and the transfer to the Capital Projects Fund will allow the District to continue working on some of those projects, as well as offset the drastic increases in construction costs of current and planned projects.

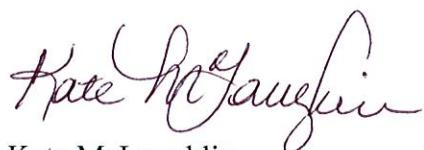

Due to sound financial decisions and planning the past several years, the District's 2023-24 budget looks to maintain a firm financial position. Projected enrollment combined with expected State revenue and grant funding is providing enough revenue to allow the District to maintain a good financial position. We continue to keep an eye to the future though, as these are challenging years to navigate financially. The realized impact of the COVID-19 pandemic, staffing shortages, the increases in minimum wage, and the ups and downs of State funding are concerns that need to be monitored so that we can maintain programs and services in future years.

South Umpqua School District maintains a vision to, "Unlock the Potential in Every Student" and strives to provide the best possible educational experience for students and families. Increased enrollment, increased graduation rates, and strong support for district academic and extra-curricular offerings are an indication that we are succeeding. To maintain that vision, we remain diligent in protecting taxpayer investments in the District to remain a strong educational option for students in our region.

### Budget Process

The proposed budget document for the 2023-24 fiscal year was prepared under the direction of the Budget Officer and the Superintendent in accordance with District policies and local budget law. The proposed budget document is based on the latest estimates and allocations of funds available from the Oregon Department of Education and other sources. This document was developed with an eye to the future, a future we hope sees enrollment stability, renewed economic growth, and a continued investment in education by the State.
