## Title IX

*"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."*

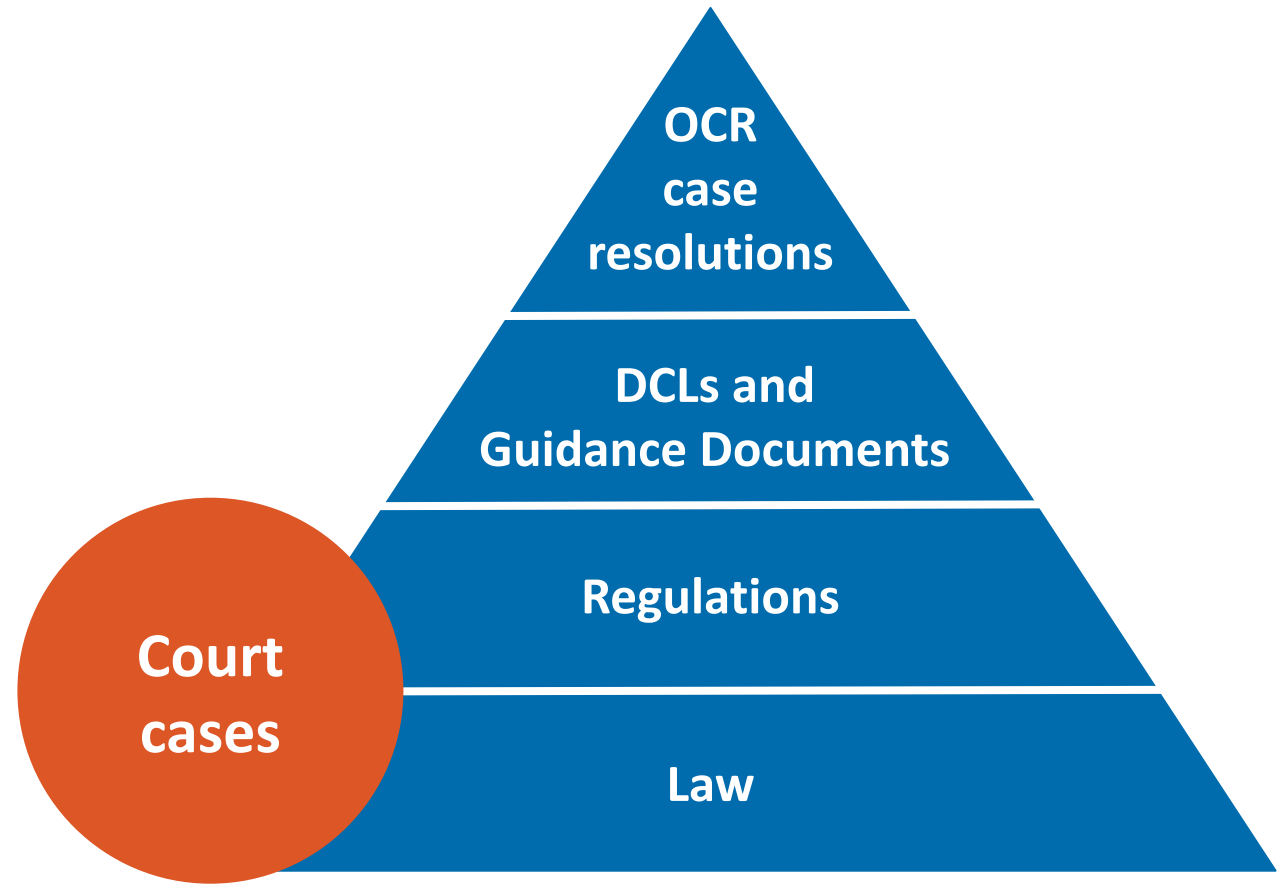

# Title IX is an evolving and living law!

---

Over the past 50 years, Title IX has changed.

The Office of Civil Rights, Congress, and the Courts have all impacted how Title IX is implemented and enforced through:

# Sex Discrimination includes Sexual Orientation and Gender Identity

---

“Consistent with the Supreme Court’s ruling and analysis in Bostock, the Department interprets Title IX’s prohibition on discrimination “on the basis of sex” to encompass discrimination on the basis of sexual orientation and gender identity.”

# The Summer 2022 NPRM: What does it mean?

---

Draft regulations (Notice of Proposed Rulemaking) were released on June 23, 2022. If adopted, these regulations would replace many of the current regulations, including the 2020 regulations that outlined strict sexual harassment procedures.

- If adopted, these regulations would affect nearly every piece of Title IX compliance.
- Subsequent athletics-specific regulations were proposed in May 2023.

OCR has recently stated that these new regulations should be expected in **March 2024**.

# The 2020 Regulations: Key Terminology

---

**Recipient:** the school or district who receives federal funds, and is therefore liable to comply with Title IX.

**Complainant:** the person who is reported to have experienced sexual harassment.

**Respondent:** the person who is reported to have committed sexual harassment.

# Sexual Harassment: Definitions & Dynamics

# Title IX Sexual Harassment

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

- (1) An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;
- (2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or
- (3) "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

-34 CFR Part 106.30

# Jurisdictional Requirements

- The conduct must occur within the educational programs or activities offered by the school/district.
  - On school grounds
  - Off school grounds, including: field trips, athletic games, transportation, school fundraising events, etc.
- The conduct must occur within the United States.
- The school/district must exercise reasonable control over the respondent.

# Prong 1: quid pro quo

- Quid pro quo harassment can **only be committed by employees**
- Can be perpetrated against students or other employees
- Quid pro quo harassment can be overt or covert

## Prong 2: unwelcome conduct

- Conduct must be severe, pervasive, objectively offensive, **AND** must deny equal access to education
- Access denial can include: inability to focus/participate in class, avoiding professional development opportunities, quitting clubs or sports, skipping school, dropping out, etc.

# Does this meet prong 2?

Sam is walking down the hallway between classes when she gets a notification to accept an airdrop. The photo is a picture of Sam that she sent to her ex-boyfriend months ago, wearing a bikini and with the phrase “i’ll steal your boyfriend” written on it. Sam looks around and is sure that other people are staring at her and got the photo too. Later that day, Sam’s friend tells her to look at a classmate’s snapchat story. One of the posts has the same photo and says “this slut will do anything to get attention.”

## Prong 3: VAWA and Clery offenses

- Sexual assault, domestic violence, dating violence, and stalking are **included** in the definition of sexual harassment
- Sexual assault includes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape
- These definitions come from the Clery Act (1990) and the VAWA Amendments to Clery (2014), which apply primarily to colleges

# Domestic Violence

“[I]ncludes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.”

*-34 U.S.C. 12291(a)(8)*

# Dating Violence

“The term “dating violence” means violence committed by a person (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship. (ii) The type of relationship. (iii) The frequency of interaction between the persons involved in the relationship.”

-34 U.S.C. 12291(a)(10)

# Partner Violence

- Can include physical violence, threats of violence, sexual abuse and coercion, stalking, or emotional abuse
- Perpetrators of partner violence often use a variety of tactics leading up to physical or sexual abuse, such as those in the Teen Power and Control Wheel (SafeStart)

# Stalking

“[E]ngaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.”

*-34 U.S.C. 12291(a)(30)*

# Stalking

---

- Shows up at home, school or place of work unannounced or uninvited.
- Unwanted text messages, emails and voicemails.
- Leave unwanted items, gifts or flowers.
- Use social networking sites and technology to track.
- Spread rumors.
- Uses other people as resources to investigate the victim's life. For example, looking at their instagram through someone else's account, or befriending their friends in order to get more information about them.
- Damages home, car or other property.

# Sexual Assault (selected definitions)

**Rape:** The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

**Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

-20 U.S.C. 1092(f)(6)(A)(v) and the FBI Uniform Crime Reporting System (NIBRS-version)

# What is consent?

---

Schools are not required to adopt a particular definition of consent for Title IX.

However...

It is crucial to have a clear, consistent understanding of consent in order to have fair investigations and due process for all students.

# Oregon's Definition of Consent

---

Oregon has an “implied definition” in ORS 342.704/OAR 581-012-0038

*“Without consent” means an act performed:*

*(A) Without the knowing, voluntary and clear agreement by all parties to participate in the specific act; or*

*(B) When a person who is a party to the act is:*

*(i) Incapacitated by drugs or alcohol;*

*(ii) Unconscious; or*

*(iii) Pressured through physical force, coercion or explicit or implied threats to participate in the act.*

# Age of Consent in Oregon

---

The age at which a person can consent to sexual activity in Oregon is 18 (ORS 163.315).

It is also a defense against criminal charges if lack of consent is due ONLY to age, and the age difference is less than 3 years (ORS 163.345).

The Oregon Attorney General has stated that minor-minor sexual activity does not need to be reported as abuse if it is otherwise consensual and falls within this age-gap clause (letter, Sept 11, 2018).

# Is there consent?

Asia, a 12th grader, has been flirting with Jackson, an 11th grader, for several weeks. She sends him snapchat messages and pictures of her implying that he should break up with his girlfriend and date her instead. One day Asia messages him at the beginning of the school day and says she has third period free, and that he should meet her. Jackson leaves class and Asia sneaks Jackson into an empty bathroom, where she pulls him to her and kisses him. Jackson kisses her back for a minute, and then abruptly pulls away, saying “I shouldn’t have done that, I have a girlfriend.” Asia laughs and ask him why he’s been letting her send him pictures if he actually cared about his girlfriend? Jackson says “I think this was a mistake,” and begs her not to tell anyone. Asia kisses him again and strokes his arm and says “as long as we’re secretly hooking up, I won’t tell anyone.” Jackson pulls away from her again and says “I don’t want to be a cheater.” Asia says “you’re already a cheater, but no one has to know.” She leans in and starts kissing his neck and unbuttoning his shirt. Jackson seems stiff and doesn’t kiss her back, but stops trying to pull away.

# In your breakout rooms, discuss...

Was the sexual encounter between Jackson and Asia consensual?

- Why or why not?
- What factors influence your decision?
- What additional information might you need to make a decision?

# Assessing Consent

---

The following questions can help you determine whether consent was present:

- What was said? What tone was used?
- What was implied? How was the interaction perceived?
- What body language was used?
- Where was the interaction? What environmental factors impacted the parties agency in the moment?
- What capacity and knowledge did parties have during the interaction?
- What previous relationship dynamics exist between the parties - previous threats/harassment, etc.?
- What power dynamics exist in the situation?

# Experiences and reporting

In 2017-2018, Oregon schools reported **1,653** instances of bullying and harassment based on sex and **14** instances of sexual assault in OCR's Civil Rights Data Collection.

That means **~0.003%** of Oregon students reported sexual harassment to their school that year.

**Why are these numbers so different from the data on previous slides?**

# Intersecting Oregon Laws

# Oregon Sexual Harassment Law

---

Oregon law (ORS 342.700-708 and OAR 581-021-0038) requires schools to adopt policies that prohibit sexual harassment for students, employees, and third parties.

These policies must include:

- specific definitions of sexual harassment
- a requirement for employees to report sexual harassment
- the supportive measures are available to reporting parties
- that all reports will be investigated
- that reporting and responding parties will be notified when an investigation begins and its outcome
- that all reporting parties receive written notice of their rights and options under the policy

# Title IX Sexual Harassment

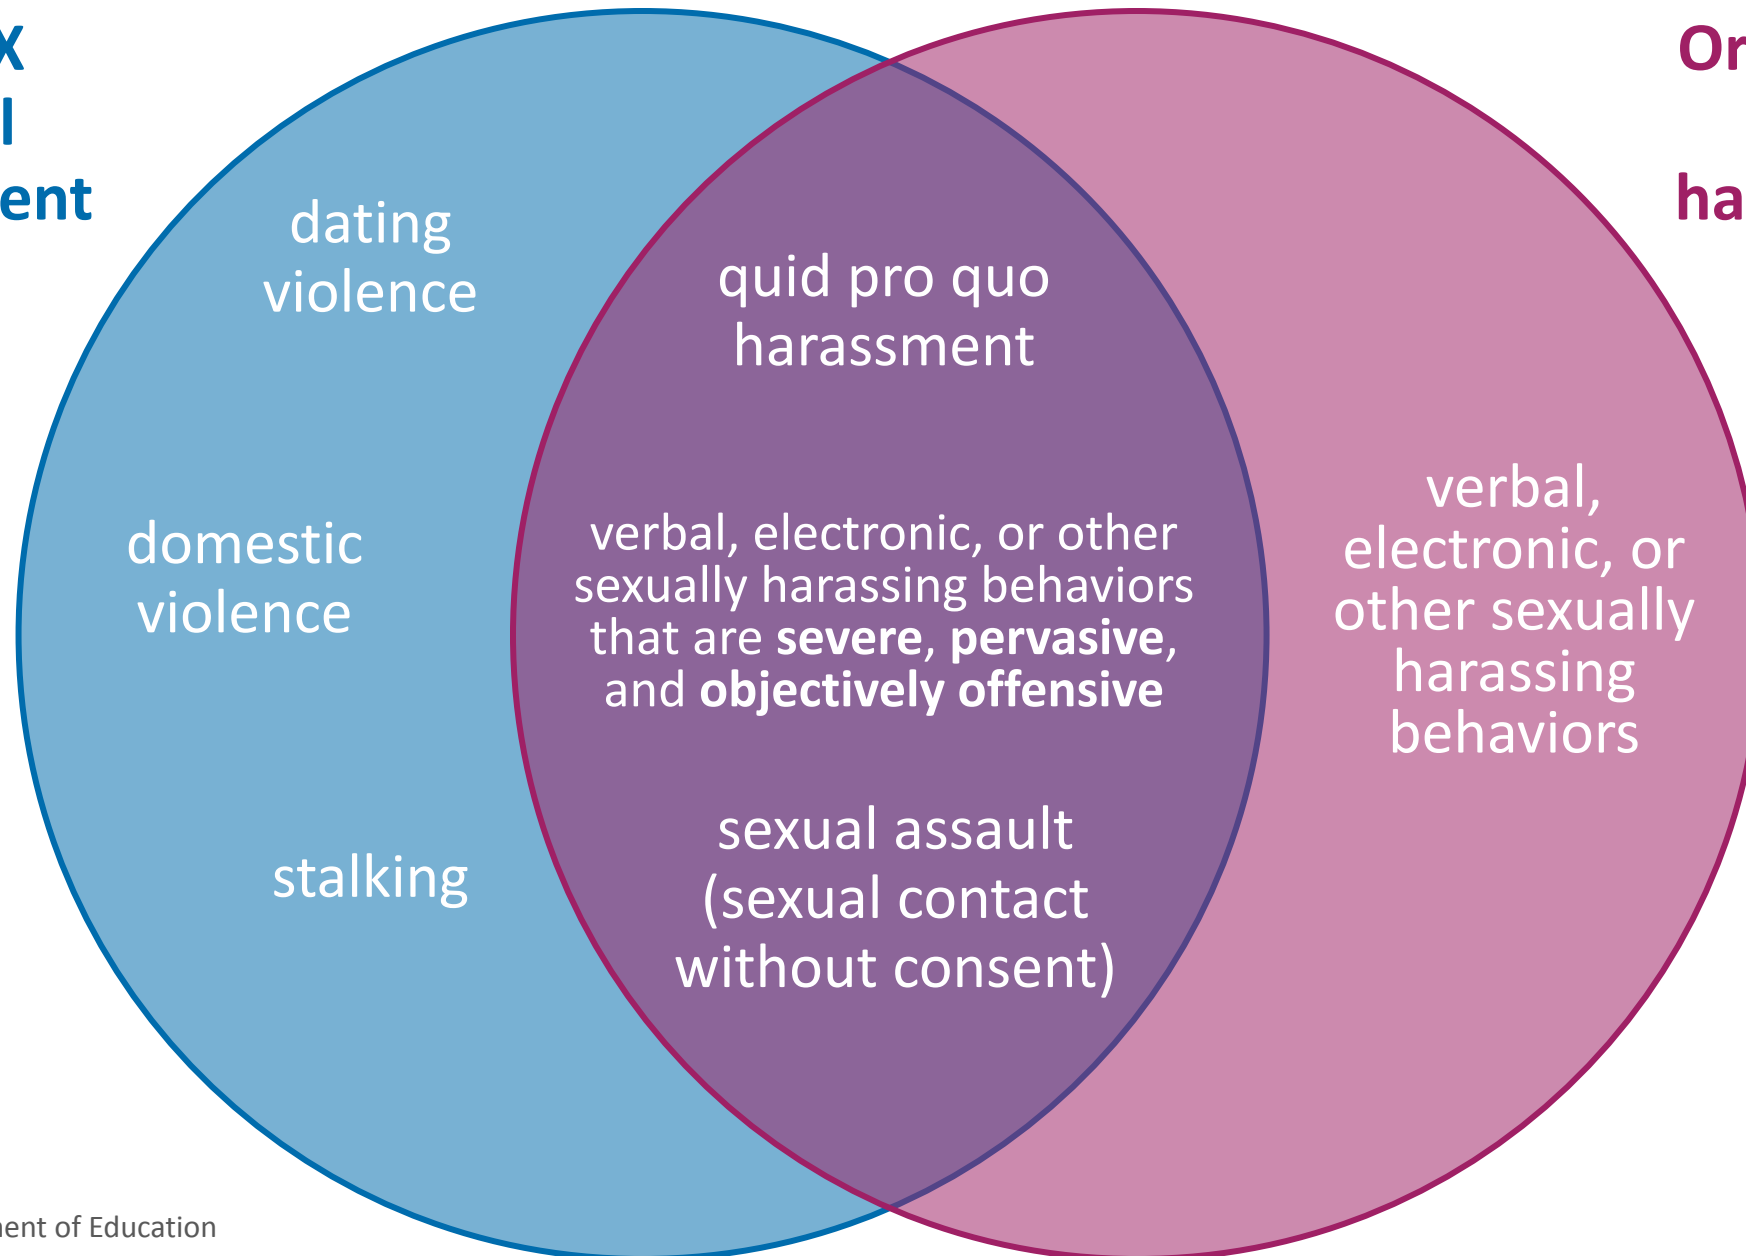

- (1) An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;
- (2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or
- (3) "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

# Oregon Sexual Harassment Law

- (i) A demand or a request for sexual favors in exchange for benefits.
- (ii) Unwelcome conduct of a sexual nature that is physical, verbal, or nonverbal and that:
  - (I) Interferes with a student's educational activity or program;
  - (II) Interferes with a school or district staff member's ability to perform their job; or
  - (III) Creates an intimidating, offensive, or hostile environment.
- (iii) Assault when sexual contact occurs without consent

# Sexual Conduct

“Sexual conduct” means verbal or physical conduct or verbal, written or electronic communications by a **school employee, a contractor, an agent or a volunteer** that involve a student and that are:

- (A) Sexual advances or requests for sexual favors directed toward the student; or
- (B) Of a sexual nature that are directed toward the student or that have the effect of unreasonably interfering with the student’s educational performance, or of creating an intimidating or hostile educational environment.

ORS 339.370

# Sexual Conduct and Sexual Abuse

- Sexual abuse and sexual conduct must be reported to law enforcement, DHS, TSPC, and/or ODE (depending on conduct and licensure status).
- If the reported behavior is sexual conduct or abuse AND Title IX sexual harassment, the processes must be overlaid.

Reporting to law enforcement, DHS, ODE, and/or TSPC does NOT absolve the school of their Title IX responsibilities.

# Harassment, Intimidation, and Bullying

“Cyberbullying” means the use of any electronic communication device to harass, intimidate, or bully

“Harassment, intimidation, or bullying” means any act that:

- Substantially interferes with a student’s educational benefits, opportunities, or performance;
- Takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop;
- Has the effect of:
  - Physically harming a student or damaging a student’s property
  - Knowingly placing a student in reasonable fear of physical harm to the student or damage to the student’s property; or
  - Creating a hostile environment, including interfering with the psychological well-being of a student; and
- May be based on, but not limited to, the protected class status of a person

ORS 339.351

# Harassment, Intimidation, Bullying, and Cyberbullying

---

Schools are required to adopt policies that:

- cover behavior that happens at school-sponsored activities and locations
- require employees to report harassment, intimidation, bullying, or cyberbullying to a designated official
- provide a process for investigating and responding to harassment, intimidation, bullying, and cyberbullying
- state potential consequences for committing harassment, intimidation, bullying, or cyberbullying
- provide consequences for false accusations
- prohibit retaliation

# ORS 338.351

## Parental Notification

- Requires parent/guardian notification if a student experiences or commits bullying, cyberbullying, harassment, or intimidation, with an opt-out option.
- Notification must occur:
  - Promptly for physical acts, or
  - Within a reasonable time period
- Prior to notification, the school must inform the student that they are notifying the parent/guardian.

# ORS 338.351

## Parental Notification

Notification is not required if:

- a school official reasonably believes notification could endanger the student, **OR**
- the student requests that the school not notify their parents, a school official believes that notification is not in the best interest of the student

Schools must still notify students that their parents/guardians may become aware of the incident through accessing their educational records.

# Which policies apply?

# Conflict of Interest & Bias in Investigations

# Bias

## Bias

“A tendency, inclination, or prejudice toward or against something or someone.”

-Psychology Today

## Implicit Bias

“The attitudes or stereotypes that affect our understanding, actions, and decisions in an unconscious manner.”

-The Kirwin Institute for the Study of Race and Ethnicity

# Bias

## Confirmation Bias

“The tendency to bolster a hypothesis by seeking consistent evidence while disregarding inconsistent evidence.”

-O'Brien & Ellsworth, 2006, Confirmation Bias in Criminal Investigations

In these processes, we may bring implicit or explicit bias in the the room with us...

...which helps us form a “hunch” or “gut feeling” about a case...

...which then makes us vulnerable to confirmation bias.

**Consider: What stereotypes and expectations does society hold about victims (people who experience sexual assault and harassment) and perpetrators (people who commit sexual assault and harassment)?**

# Victims: stereotypes and expectations

---

A study found that law enforcement and criminal justice officials are more likely to believe someone experienced sexual assault if...

- They are female
- They are emotionally distressed
- They display more stereotypically gendered behaviors in terms of clothing, mannerisms, way of speaking, and social interactions

**What other stereotypes or expectations does society hold about victims?**

Schuller, McKimmie, Masser, & Klippenstine, 2010. Judgements of Sexual Assault. New Criminal Law Review, 13(4)

# Perpetrators: stereotypes and expectations

---

evil

angry

hostile

unwilling to submit to authority

unapologetic

pattern of previously  
documented bad behavior

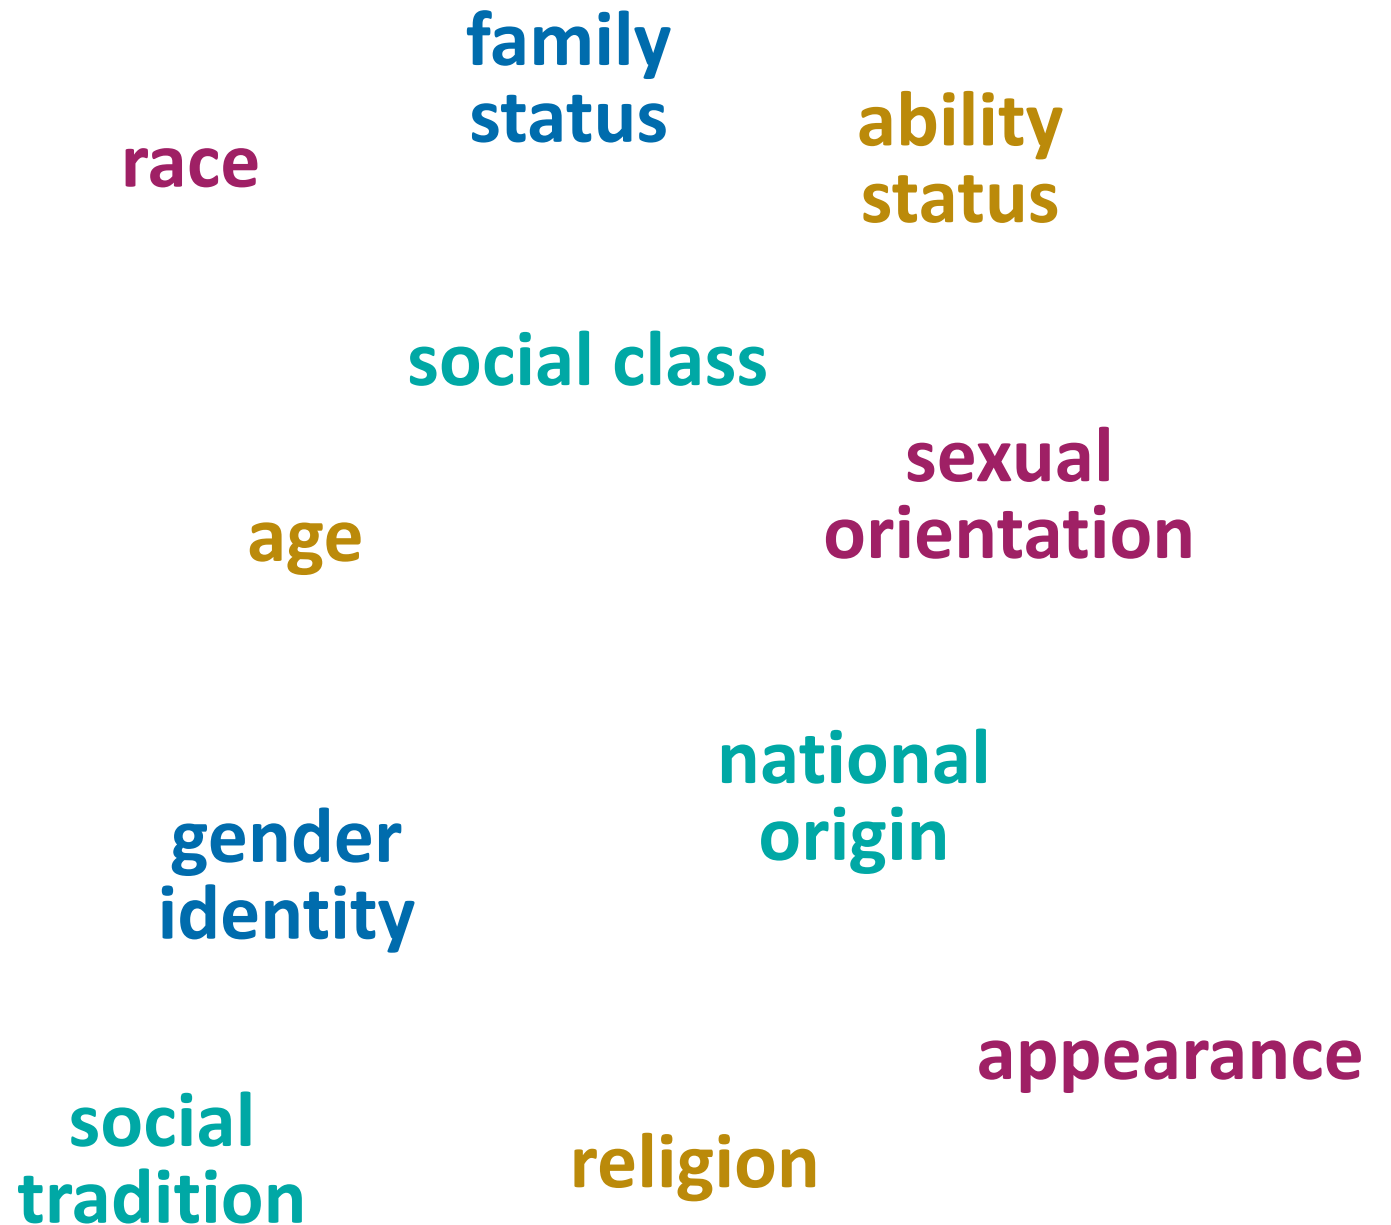

outbursts

uncontrolled

These biases and stereotypes overlap with others we hold...

Oregon Department of Education

# If we hold these biases, it can bias us for/against complainants or respondents.

Because Anita Hill was perceived as stoic and unemotional while testifying, her statements were widely discredited in the media.

Terry Crews stated that many people did not believe him when he talked about being sexually harassed because of his gender and physical appearance.

# Bias affects us most when we have...

- Ambiguous or incomplete information
- Compromised cognitive loads (stress, too much multi-tasking)
- Time constraints
- Overconfidence in our objectivity

The Kirwin Institute, The Ohio State University

# Strategies to decrease bias in investigations

---

- Increase your knowledge and research multiple perspectives about: sexual harassment, identities you don't share, investigation methods, etc.
- Slow down!
- Reduce subjectivity where possible – checklists? Templates?
- Question the subjective and objective
- Use peer-collaboration models
- Get an external evaluation
- Use hard data to check your processes – case reviews, statistics, etc

**What else?**

# Conflict of Interest

“A situation in which a person has a duty to more than one person or organization, but cannot do justice to the actual or potentially adverse interests of both parties.”

-The People's Law Dictionary

“A conflict of interest arises when what is in a person's best interest is not in the best interest of another person or organization to which that individual owes loyalty... A conflict of interest can also exist when a person must answer to two different individuals or groups whose needs are at odds with each other.”

-McCombs School of Business at University of Texas

# What could a conflict of interest look like in K-12 Title IX?

---

Financial conflicts, such as yourself or a family member employing a student or a student's family member

Structural/job conflicts, such as directly supervising a student or staff member or having another role that would benefit/be harmed by an outcome

Personal conflicts, such as favoritism, bonds, or close relationships

Imbalance conflicts, where your different relationships with parties or different levels of interaction bias you

Perceived conflicts, where it appears from the outside that a conflict exists, whether it actually does or not

# Does this present bias or conflicts of interest?

Your school board serves as your appeals panel. One of your school board members used to teach in one of the district's elementary schools. She taught both the complainant and respondent approximately five years ago, when they were in second grade.

# Does this present bias or conflicts of interest?

The respondent tells you that they have a witness, Connor, who saw what really happened, and who can definitely refute the allegations. The Title IX investigator, who is also the Assistant Principal, was involved in disciplining Connor last semester, which resulted in two suspensions and several tense meetings with the Connor's parents.

# Strategies to mitigate conflicts of interest

---

- Develop a district-specific conflict of interest protocol (consider integrating it into your Title IX policy)
- Cross-train multiple individuals to account for potential conflict of interest
- Develop partnerships or external contracts to share investigators\* and decision-makers when necessary
