**South Umpqua School District
Budget Message
2025-2026**

The proposed budget document represents the South Umpqua School District's financial plan for the 2025-2026 fiscal year. Revenue forecasts included in the proposed budget document are based on the latest information available from sources at the Oregon Department of Education, including the latest estimates for the State School Fund and for all federal awards that flow through the Oregon Department of Education.

Oregon's next economic forecast isn't due until late May 2025 therefore this budget is built on the official estimate issued by the Oregon Department of Education on February 26, 2025. The 2025-26 biennial budget and State School Fund distributions are predicated on a \$11.36 billion State appropriation; this amount has not yet been amended by the legislature as of the date of this document. This funding level is not expected to change significantly. Further, it is anticipated that income tax collections will remain stable and property tax collections will increase slightly from last year. However, measures relating to tax reform, tariffs, immigration and the federal budget could dramatically change the economic outlook with significant revenue implications.

District staff are proposing a budget that allows the District to continue providing high quality services to students. The District has developed a five-year strategic plan, based on constituent feedback. As we built this budget, all decisions were made to support us in moving toward the goals outlined in the four pillars of this plan. The four pillars are:

1. Supported and Successful Students
2. Empowered and Valued Staff
3. Strong Family and Community Partnerships
4. Modern and Safe Facilities

In service to these goals, you will see several strategic investments. First, by braiding funds from the Early Literacy Grant, the Student Investment Account, and Measure 98 we will have four instructional coaches that will be building based. These coaches will provide instructional coaching to all teachers, mentoring and targeted professional development for new teachers, leadership in our professional learning communities process, and will help to embed all new learning into teacher practice. We are able to do this in part because it is expected that the Student Investment Account (SIA), the Early Literacy Grant and High School Success (Measure 98) will be fully funded, although the districts allocations are reduced due to declining enrollment.

Additionally, the District proposes making several investments to maintain modern and safe facilities. To this end, this budget proposes a transfer of \$200,000 to capital projects. This will allow us to make several key investments into our aging infrastructure.

There is currently uncertainty with several Federal funding sources. This includes Title I, Title II & Title IV . We were advised that a conservative budget would predict a 5-10% reduction in Title I funds and possible elimination of Title II & V funds. We are fortunate to be in a position to shift funding for these critical programs to the General Fund due to some one-time funding sources that we will receive in the 2025-2026 fiscal year. These include Targeted School Improvement Funds in the amount of \$172,145.94 as well as a onetime payment of \$421,598.22 for previous underpayments of the Secure

Rural Schools Act. These funds will allow us to maintain staffing that is currently being paid out of Title I as well as continue the important professional development we need in order to move the district forward as described in Pillars 1 and 2 of the strategic plan. You will see what appears to be a sizable increase in professional development in the Administration budget that we will use in the coming year to continue these efforts. This is in replacement of what we would typically anticipate from Title II, given the uncertainty of this grant. Several staff members previously funded out of Title I you will now see as funded through the general fund. These shifts allow us to continue to work towards the goals of the strategic plan while making longer term plans as federal funding becomes clearer.

Federal Forest Payments received in previous years were not authorized under the Secure Rural Schools Act. Consequently, Douglas County will distribute only a significantly reduced portion of actual receipts from timber harvested on Forest Service land.

There are several additional factors considered in developing this year's budget. First, the district is in a state of declining enrollment since the COVID 19 pandemic. We have estimated the coming years budget based on 1425 students as compared to 1549 in 2019. This is a difference of 124 students. As our student population declines, it is incumbent on us to ensure that our staffing levels are appropriate to the number of students we have.

Secondly, controlling payroll costs and experiencing good performance from the District's PERS side accounts have allowed the District to avoid the PERS increases experienced by our neighboring districts. The District has a 0% PERS rate for the coming biennium. The current bonds allowing for this side account will expire in 2027. When this does expire, we can expect a significant increase in personnel costs. The District has wisely been setting aside funds in the PERS UAL reserve in anticipation of this to help lessen the impact. Currently, \$600,000 is proposed to go to the PERS UAL Reserve in the 2025-2026 budget.

Based on current funding estimates, the 2025-2026 fiscal year finds the District in a sound financial position. Revenues projected in the 2025-2026 budget are constructed of local, intermediate, state, and federal sources. The District increased its general fund revenue projections for 2025-2026 by \$529,296. The majority of the increase is projected to come from the State School Fund, which includes the onetime repayment due to underpayments of the Secure Rural Schools Act. The latest estimates from the Oregon Department of Education have the District set to receive \$14,781,822.75 in State funding, an increase of \$463,962.75 over the previous fiscal year budget. The proposed 2025-2026 budget includes a beginning fund balance of \$3,503,807, providing the district a total revenue projection of \$23,554,008.

Previously approved SIA programs continues to have stable funding which allows us to staff and continue expanded opportunities for students, eliminate all "Pay to Play" athletic, music, and club fees, as well as provide behavioral and mental health staff. Due to low enrollment, the SU Online Academy was closed this year, and the secretarial staffing previously allocated to this program was also reduced.

The current proposed budget contains only minor staffing changes for 2025-2026. The most notable shift includes the addition of two instructional coaches, for a total of four coaches. Additionally, there was an expansion of the 4-hour secretarial position to support maintenance to an 8-hour position to support all of the District office. We will leverage attrition where appropriate within educational assistant positions to align staffing to current enrollment. We have eliminated two educational assistant position through attrition thus far, and will continue to examine every position that comes open.

The licensed bargaining agreement was negotiated in 2023 and is for three years. The licensed agreement provides for a 2% COLA and an insurance cap of \$1,990 per month for 2025-2026. The classified bargaining agreement began in 2024-25 and is for three years. The classified agreement will see a 2% COLA and an insurance cap of \$1,990 per month. To keep as much money available to preserve staff and services the District has opted to budget its health insurance liabilities closer to actual expenditures. Actual usage has typically wavered between 80-85%, therefore for 2025-2026 the District is conservatively budgeting health insurance liabilities at 85%. All employee bargaining agreements, staff contract increases, and benefit increases are reflected in the 2025-2026 proposed budget.

Due to sound financial decisions and planning the District's 2025-2026 budget looks to maintain a firm financial position. I am grateful to the skill and leadership of Shy Chapman in preparing this budget, and to the executive leadership team and the Board of Directors for their thoughtful planning throughout the years that has allowed us to maintain our current budget position. We will continue to monitor enrollment and uncertainty with federal funding as we keep our eye on the future. We remain diligent in protecting taxpayer investments in our children as we implement the District's strategic plan that was formed by the interests of all our constituent groups. By aligning our resources to the goals set for us by the community we are on our way to fulfill our mission to "Unlock the Unlimited Potential in Every Student."

Budget Process

The proposed budget document for the 2025-2026 fiscal year was prepared under the direction of the Budget Officer and the Superintendent in accordance with District policies and local budget law. The proposed budget document is based on the latest estimates and allocations of funds available from the Oregon Department of Education and other sources. This document was developed with an eye to the future, a future we hope sees enrollment stability, renewed economic growth, and a continued investment in education by the State.

TRI-CITY ELEMENTARY

Tri-City Elementary provides services to students in grades K-5. The staff's philosophy is to help each child grow to their maximum potential through a strong knowledge base, the development of healthy personal values, and acceptable standards of conduct. This prepares the students for the future, both academically and socially.
